## Quality & Service wins a BALI National Award

The results are in for the BALI National Landscape Awards 2015, and Quality & Service Ltd are celebrating receiving a prestigious National Award for Grounds Maintenance in the 'Business Parks' category in the 2015 for the works they undertake on Green Park, Reading.

This award is the sixth to be awarded to Green Park over the summer, and follows on quickly from two RHS Britain in Bloom awards, which were given to Green Park's independent commercial landscape company Quality & Service Ltd, trading as Q&S which delivers the landscaping for Green Park in partnership with Broadgate Estates.

Sue Payne, Managing Director, Q&S, said: "We are delighted that the dedication of our landscaping team has been recognised by our industry peers. To receive such an accolade from industry experts is truly welcomed and provides inspiration for our dedicated landscaping team, who continuously work to an extremely high standard to provide a quality landscape that is such a key component in the overall experience for everyone who works or visits Green Park"

The BALI (British Association of Landscape Industries) National Landscape Awards were first introduced in 1976 and are held annually to recognise BALI members who have demonstrated exceptionally high standards of professionalism and skill in the execution of a wide variety of landscaped schemes.

The Awards are open to BALI Registered members. The wide range of categories ensure that every part of the landscaping industry is recognised, from the individual designer and domestic contractor to the largest multi-location company working in the commercial arena.

Winning a BALI National Landscape Award is the pinnacle of professional achievement for BALI members. The Awards are respected in the UK and abroad as the standard to which others aspire and rightly reflect the prestige of BALI.

Green Park in Reading, owned and managed by Oxford Properties, is 195 acres of stunning parkland and home to more than 50 businesses.
