Quality & Service Scoops Prestigious Landscaping Contract

Quality & Service, (Q&S) the independent commercial landscape company continues its expansion, with the announcement that they have been awarded (from 1st April 2017) the contract to maintain the landscaping at Regent's Place, London NW1.

Owned by British Land and managed by Broadgate Estates, Regent's Place is a 13 acre, fully managed mixed-use campus in London's West End that is currently occupied by nearly 20,000 workers and residents.

The campus is home to 45 office occupiers drawn from a range of industry sectors, as well as the Triton Building, a 26 storey tower with 94 residential apartments. The campus is centred around Regent's Place Plaza, an acre of public space that plays host to an array of events and serves as a place for people to meet, eat and spend time.

Q&S' Managing Director Sue Payne says: "Broadgate Estates have a reputation for demanding the very best standards from their service partners, so we are delighted that they have recognised our industry-leading reputation for customer satisfaction, provision of the highest standards of quality of service, attention to detail and exceptional value for money, by awarding Q&S such an important contract within their property portfolio."

"We are extremely proud of Q&S' role going forward in working alongside the Regent's Place management team on enhancing the quality of the overall experience to everyone who works or visits the campus, and to be part of the evolution of the site at this exciting time."
